## Basic Formation & Cue

IMPORTANT -- Motion starts when GK has possession of ball.

## Motion & Observations

Defenders (D) kick out to the Wings and look to receive the ball from the GK

Midfielder (M) checks away to draw away defender, create space, and set up losing her mark when she checks quickly back in.

Forward (F) stretches the field centering herself near opposing Keeper's Goal Box. F will be watching which Defender receives the ball, and then quickly move to that touchline for a down-line pass.

## Ending Supportive Shape

F receives down line pass

OR

D plays to M for triangular pass play
